

Custom Handcrafted **PREMIUM CARBON FIBER GRIPS**

“REDLINE” CARBON FIBER GRIPS

The next evolution in hi-tech carbon fiber grips.

Remember the muscle-car era, when “Redline” was pushing the limits? Our “Redline” series of carbon fiber grips are handcrafted to push the limits of high-end carbon fiber gun grip design and production.

Unlike other carbon fiber grips, which consist of a carbon fiber mat bonded to a filler material, our premium “Redline” carbon fiber grips are handcrafted from a single sheet of 3/8” plain weave carbon fiber fabric. Each includes our distinctive “Redline” liner, designed to enhance the look of the carbon fiber grip on either a blue or silver handgun.

Before buying an inferior set of carbon mat grips, try our solid carbon fiber grips on for size. Each set is designed to provide you with just the right “weight” and “feel”, insuring an exceptional shooting experience.

Each set of “Redline” Carbon Fiber Grips is a truly exceptional pair of handgun grips designed for the serious gun enthusiast which will be a beautiful and functional addition to your favorite handgun.

ABOUT OUR GUN GRIPS

The photographs on these pages are representative of the grain, figurative, and coloration which is generally found in a particular species of wood. However, due to the natural variations which occur throughout a block of wood, each pair of grips will be unique. Our “standard” handcrafted gun grips tend to be a little thicker (typically 30% thicker) than the stock grips provided by most gun manufacturers.

Each sample grip is shown displayed on a “stock” 45 calibre handgun. However, we routinely design and handcraft grips for a wide variety of guns. Please contact us with your specific requirements and we will be happy to design a set of grips for your specific weapon. **GUNS ARE NOT INCLUDED WITH ANY HANDGUN GRIP ORDER!**

OUR “REDLINE” LINER

All of our “Redline” Carbon fiber grips are accented with a single Redline liner. The liner is located between the carbon fiber grips and your handgun and adds an awesome accent to these beautiful handgun grips.

Want to make these beautiful grips even more spectacular? Consider “stacking” multiple liners for an amazing effect. Personally, we love using a red and white liner against a blued gun!

Redline liners are available in black, grey, white, and red. The first Redline liner is included in the price of the grips. Additional liners are priced at \$15.00 each.
